Dear Stakeholder:

Enclosed is the 2007 New York Harbor Water Quality Survey report. The report presents the data collected for(?) the 98<sup>th</sup> edition of the Survey. The data was collected from June to September of 2007. Also included is a digital copy of the report on CD. Currently the CD only mirrors the report, but future releases will hopefully contain interactive content and the ability to perform simple data analysis.

Please note the addressee and make corrections to reflect changes in your organization. Any comments or questions can be sent to me at the address below.

Sincerely,

Beau Ranheim, Chief
